Song 1 | Seven Nation Army: The White Stripes

25 /25

Comment

The entry was well-timed and the FT steadily accompanied the verse, with a neatly aligned SD from bar 9. The build at bar 13 was vividly shaped, and the crashed phrasing was stylish in the refrain of this exemplary rock display.

Song 2 | Billie Jean: Michael Jackson

23 /25

Comment

The main groove was solid and consistent, the note accuracy was fine, and the sound was mostly balanced (the HH was a little heavy). The synchronisation was tight, and the ride was bright in the outro of this excellent piece of pop drumming.

Song 3 - Technical Focus | Float On: Modest Mouse28 /30

Comment

The opening 4-on-the-floor groove was solid, with a neat double snare hit in bar 4. The semiquavers were fluent and well-coordinated in the chorus, and the timekeeping was solid throughout. The fills were nimble, and only tiny blemishes appeared in this excellent Indie performance.

Performance Delivery And Focus10 /10

Comment

The overall performance was very well focussed with no slips in concentration. Transitions were smooth between songs.

Musical Awareness9 /10

Comment

Very good stylistic adaptability was demonstrated, and commitment was evident in almost the entire presentation.
